Canada - Flag Cancel Covers

The 12 lots of Flag Cancels (Lots #1105-1116) are from one of the best collection of Admiral era flag cancels ever formed. The individual assembling this collection understood how rare some of these cancels are, and he helped set many record realizations in obtaining his better items. Some of these previous realizations are provided for information purposes, but generally the more conservative values shown in the 2007 edition of the Couatts' Slogan Postmarks of Canada catalogue have been used for valuation. These lots are a great opportunity for anyone interested in or contemplating collecting this most interesting and challenging field of Admiral postal history.
